

CARE AND MAINTENANCE

NORMAL ROUTINE MAINTENANCE

Wash using a soft bristle brush. Use only a soft bristle brush to avoid smearing the stain into the grooves of the texture. Clean gently to avoid surface abrasion. After cleaning, rinse area with water. To wash an entire house, start at the bottom and work up to the top, then rinse back down from top to bottom in order to prevent streaking. For difficult-to-remove dirt and stains such as top soil, motor oil, lithium grease, crayon, felt-tip pen, caulking, lipstick, grass, bubble gum, mold and mildew, use readily available household cleaners such as those included in the list below.

Most cleaners are inefficient in cleaning stains such as pencil, paint, oil and tar. In these cases, you may wish to use a mild abrasive cleaner, such as Soft Scrub[®], Ajax[®], Bon Ami[®], etc., but the use of any abrasive material could have a negative effect on surface appearance and the Warranty.

Do not use cleaners containing organic solvents or other aggressive ingredients because they could affect the surface appearance of the siding and void this Warranty. Examples of such cleaners are: chlorine bleach, liquid grease remover, strong soaps and detergents containing organic solvents, nail polish remover, paint remover, isopropyl alcohol and furniture polish/cleaners.

CLEANERS FOR STAIN REMOVAL ON EVERLAST[®] PRODUCTS

Bubble Gum:	Fantastic [®] cleaner, Murphy's Oil Soap [®] , solution of vinegar (30%) and water (70%), Windex [®]
Crayon:	Lestoil [®]
